

IMC Clubs Mastering the Art of Instrument Navigation Cross country Plan B

When we have looked at situations in the past where pilots got into trouble, we generally asked two questions - "If this was me, what should I do now?"; and "What could I have done to keep me out of this situation in the first place?" This month we are going to focus on the second question, on planning for a safe IFR outcome. Come and share your knowledge.

Directions: Take I-470 to Exit 9, Douglas Drive / Lee's Summit Road turn north. Ignore all of the barriers and Road-Closed signs. The road is open to the airport. At the bottom of the hill, turn right and wind your way past a few more barricades, and follow the road to the end. The hangar is on the west side of the parking lot. Lost? call me - 816-868-7655

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
